Beauty Multi-Layer

Beauty

Beauty comes in 3 layers (3 font files) which you 'stack' on top of each other to create the final letterforms. These layers can be treated with different colours or processes (foils, spot UV or overprinted colours). This makes for very interesting typography perfect for posters and logos, this typeface is also legible when all layers are treated the same.

Styles

regular

All Glyphs

A-z only

Upper and Lower case
the same
